Courtney Noster
Chitra Walker
Judy Welsh
Sharonda Whatley
Khalilah Worley

2018 Highlights

The board officially convened in September 2018. During these first months, the board determined its initial governance structure and established committees to address specific issues. HLF secured insurance and established a banking relationship. HLF embarked on a proactive Board education process to create a common and thorough understanding of our community and philanthropic fundamentals, as well as the challenges and opportunities related to health and wellness.

2019 Highlights

HLF developed priorities and organizational guidelines in alignment with the mission, vision, and values. HLF continued proactive Board education. Throughout the year Board Members collaborated with Strategy Plus Action, a consulting firm, to support HLF through the development of its initial focus, grantmaking strategy, and administration. Priorities for a three-year funding cycle were identified and the framework for operating, grantmaking, and other policies were formed.

2019 Community Meeting

Over 50 Lakewood residents attended the first community meeting on Tuesday, September 24th at the Women's Pavilion at Lakewood Park. The community meeting provided an opportunity for Lakewood citizens to hear about HLF's first year. Throughout the meeting, attendees were invited to participate in several interactive elements of the meeting, including facilitated table discussions. These conversations were an opportunity to share stories and insights about the things that support - as well as challenge - health and wellness for individuals and the Lakewood community.

Financials

Net Assets 2018: \$8,167,796
Net Assets 2019: \$9,187,286
